Welcome

Grand Hôtel du Lac has always been part of Vevey's heritage and has become part of local society as a favourite place to celebrate mythical events. Built in 1868 and completely breathtakingly renovated in 2006 by the famous interior architect Pierre-Yves Rochon, the hotel proposes a subtle blend of classical and contemporary atmospheres.

As a member of "Relais & Châteaux" and "Swiss Deluxe Hotels", the Grand Hôtel du Lac offers its guests a mansion with a unique character and a welcoming ambiance.

« We work with the couple's personality and its family traditions to transmit to their guests the emotion of their love and a true moment of celebration. With our experience and our values, we place our talent at your disposal to make the most beautiful day of your life dazzling and unforgettable. ».
